Midwest Plains Chapter – CHMM

Fellow Midwest Plains CHMM's –

Although the summer is waning, there are still a number of CHMM activities ahead of us for 2010!

I'd like to invite all of you to attend the upcoming CHMM meeting on Wednesday, August 11th at Offutt Air Force Base. Folks from URS will be providing a presentation on the Zebra Mussel Eradication at the base, as well as grilling up a tasty lunch. At this meeting, we'd like to catch everybody up on a number of activities, including the opportunity to support Keep Nebraska Beautiful at their annual golf tournament, scheduled for Thursday, September 16th.

On Wednesday, November 3rd, we'll be touring the International Quilt Study Center and Museum at UNL in Lincoln NE. Although the displayed quilts are works of art, so is the building! Alan Wedige, Manager/Designer UNL will provide with us with a presentation on how this facility earned the US Green Building Council's LEED Silver rating.

Folks, we've had a slow start to 2010, but I know the activities we have planned for the remainder of the year will get us back on track. The #1 objective of this professional organization is to provide value to your hard-earned CHMM certification. As the recently appointed Chapter President, I'm very happy to join with the 2010 board members to meet that objective. Your comments, suggestions, and feedback are welcome and appreciated – please do not hesitate to contact any of your fellow CHMM board members.

Regards,
Patty Greene
